

mudit.narain@nic.in

Mudit Narain is currently Program Director at the Atal Innovation Mission, NITI Aayog. In his current role, he focuses on encouraging and enabling technology-enabled entrepreneurship in the country. Prior to joining the Government of India, Mudit was based at IIM Ahmedabad's business incubator CIIE, where he worked for two years supporting startups in energy, water, agriculture, and related core-sector areas. He was also helping tough-tech startups raise funding.

Prior to joining CIIE, Mudit served for 7 years in the World Bank's Energy Practice, managing several investment projects in clean energy generation, transmission, distribution, and energy efficiency. He has worked on or led investment projects in Nepal, India, Egypt, Bangladesh, Botswana, and South Africa. Mudit earned two masters' degrees from the Massachusetts Institute of Technology (MIT), focused on technologies and policies for climate change mitigation in emerging economies.

Apart from research papers in climate change mitigation and energy policy, Mudit has contributed to several landmark reports like the MIT Future of Coal study in 2007, the World Bank's 2010 World Development Report on Development and Climate Change, and has published several opinion pieces (op-ed) in leading business newspapers of the country.
